

PROFESSIONAL SUMMARY

Software Engineering graduate and Front-End Developer with hands-on experience building responsive, scalable, and interactive web applications using React, Next.js, TypeScript, JavaScript, and Tailwind CSS. Experienced in developing reusable UI components, responsive dashboards, role-based interfaces, REST API integrations, state management, animations, and performance-focused user experiences.Strong understanding of component-based architecture, responsive design, accessibility, API integration, clean code, and modern frontend development practices. Experienced working in collaborative development teams with additional knowledge of Node.js, Docker, Git, and CI/CD, enabling effective collaboration across the full software development lifecycle.

EDUCATION2022 – 2026

Jimma University – Jimma Institute of Technology  
Bachelor of Science in Software Engineering Academic Performance

- GPA: 3.25 / 4.00
- Exit Exam Score: 77.5%
- Final-Year Project: EduTwin Simplified: AI-Powered Mobile Learning Companion with Augmented Reality for STEM Education

TECHNICAL SKILLS

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| Frontend:              | React,React Hooks, Context API                             |
| Languages:             | TypeScript, JavaScript (ES6+), HTML5, CSS3                 |
| Styling & UI:          | Tailwind CSS, SCSS, ShadCN/UI, Radix UI, Ant Design,       |
| Material UI, Bootstrap |                                                            |
| State Management:      | Zustand, Redux, Context API                                |
| API Integration:       | REST APIs, Swagger                                         |
| Tools & DevOps:        | Git, GitHub, Docker, GitHub Actions, GitLab CI/CD, Jenkins |

PROFESSIONAL EXPERIENCE

Front-End Engineer | Debo Engineering PLC

- Built responsive applications with React, TypeScript, Tailwind CSS, Ant Design, and ShadCN/UI

- Developed reusable components and integrated REST APIs.
- Improved UI responsiveness, performance, and maintainability.

## FRONT-END DEVELOPER | EDUTWIN

- Built responsive educational interfaces using React/Next.js and TypeScript.
- Developed reusable components, role-based dashboards, and API integrations.
- Used Zustand for state management and Tailwind CSS for UI.
- 1st Place, Outstanding Final-Year Project.

## Full-Stack & DevOps Intern | INSA | 2024–2025

- Built a Patient Tracker using React, Next.js, Angular, and TypeScript.
- Developed dashboards and reusable UI components.
- Used Docker and GitHub Actions for deployment workflows.

## Team Lead & Full-Stack Intern | Safaricom Talent Cloud

- Led development of ProLog, a logistics platform.
- Built React interfaces and integrated backend APIs.

## PROJECTS & ACHIEVEMENTS

- EduTwin Simplified: AI + AR educational platform.
- Afriland: Blockchain land registry DApp, Top 3 African Blockchain Championship 2025.
- SafetyNet: 3rd Place, Women Techmakers Addis Hackathon.
- 9+ professional certifications in AI, Cloud, DevOps, and Software Engineering.

## PROFESSIONAL DEVELOPMENT

- Women Techsters Fellowship | DevOps | 2026
- Huawei Seeds for the Future | 2025
- INSA Summer Camp | 2025

## LANGUAGES

- Amharic
- English

## core skills
